"New Heights - New Achievements"

President's Message.....

CONGRATULATIONS! I'm so proud of all of you - my buttons are bursting with pride and joy. During the first year of this Administration, you have soared to great heights and you have reached many new achievements.

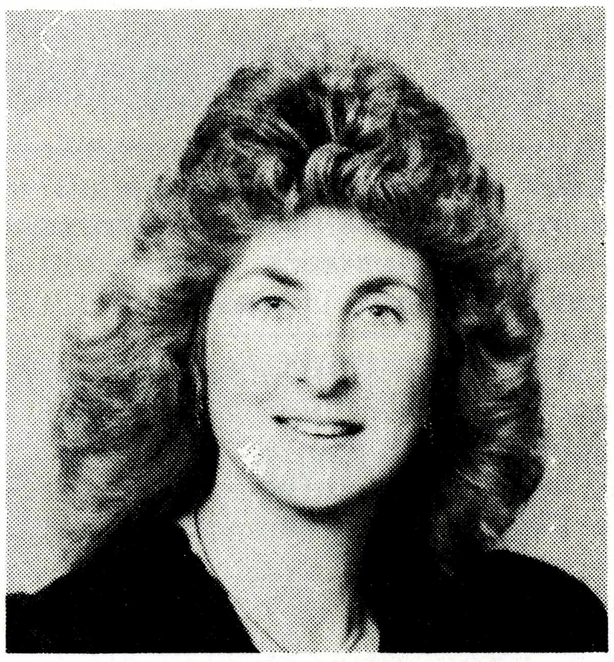

In these times of economic adversity and natural disasters, you have continued coming to the financial aid of those less fortunate and/or in need. You have provided much needed, necessary voluntary services in your communities and in the programs of Federation.

In reviewing your reports, we find that California Clubwomen spent 1,955,807 volunteer hours on 23,964 projects, and $2,916,589.31. Unfortunately, figures are not the true stor realize that for many reason all clubs chose to report know that there are many projects, many more hour much more money that hasn't been identified. Thank you to those of you who reported. And, again CONGRATULATIONS Clubwomen of California.

It was a very proud President who humbly joined the 39 delegates and members of the California Federation in Dallas, Texas for the 102nd annual GFWC Convention. Our presence was known and felt because we didn't just **attend** the convention, we became **involved** in the Convention.

We had the pleasure of hearing such notable speakers as: Dr. Holly Atkinson, Medical correspondent for NBC's Today Show; Scott Carpenter, one of the original seven US astronauts; Princess Elizabeth

PAT HUFFMAN
Junior Director

"A SYMPHONY OF FRIENDSHIP, FEDERATION AND SERVICE"

Spring for this Junior Director was a whirlwind of travel and festivity as I visited many District Conventions, both of the California Federation and our own California Juniors. Starting in March with Orange District Juniors and culminating with the GFWC International Convention in Dallas in June. My "travel train" included ten other stops including the CFWC State Convention, and our own California Juniors State Convention.

I had a wonderful time everywhere and enjoyed the opportunity to represent the California Juniors at so many CFWC Districts as well. I am so proud of our California Juniors. Each Junior district convention was well planned with fun and unique ways to celebrate the accomplishments of our members in 1992. From creative (and some very funny) skits to awards, to serious moments of Federation sharing and caring (and yes, tears) the California Juniors truly experienced a banner year. Report statistics from those clubs reporting are: 2,059 projects; 71,564 hours, and $428,736.

I can't say enough about our excellent Junior State Convention at the Doubletree Hotel in Marina Del Rey. After a few tense moments waiting for late registrations (and there were quite a few) we did have a very successful convention. I want to say again a big thank you to all the general members who attended, especially the Federation luncheon on Saturday, honoring CFWC. Congratulations again to Rita Brouillard, Club Coordinator of the Year from Granada Hills Woman's Club and Marsha LaRusso,

CFWC President Doris Rufener Presents New Plans, Project in Inaugural Address

In a lovely and meaningful ceremony conducted by California Federation of Women's Clubs Past President Carole Fuchs, President Doris Rufener and Officers for 1994-1996 were installed in office the evening of May 14, 1994, during CFWC's 91st Annual Convention held at the Westin Hotel, Santa Clara.

Plans for the 1994-1996 administration, plus a state project new to CFWC - "Habitat for Humanity" - caught the excitement and enthusiasm of the crowd as they were introduced by President Doris in her acceptance speech.

She said: "I know that twelve years ago when Carole was kind enough to install me as Sierra-Cahuenga District President, she hadn't the faintest idea she would be doing a repeat performance for me. Carole, I thank you most sincerely for honoring me in performing this beautiful installation ceremony.

"And I thank all of you for being here at this most special time in my life. There are some special people I would like to recognize. First, my own Club members - the Westlake Women's Club. Their love, loyalty, and support have been my mainstay, and I know I will be calling on them many times
